

POLICE INTERCEPTOR FUNDAMENTALS PART-TASK DRIVER TRAINING SIMULATOR

EVO basic skill building through practical application: LE-100 is the entry-level Police Driving Continuum that gives the student the ability to self-learn and practice the fundamentals necessary for safe emergency response driving. At the student's own-pace, through FAAC's AI based VITALS Virtual Instructor, the student can grasp the basic understanding of EVO for situation awareness, judgment, and decision making.

The LE-100 is an essential entry level trainer that can be taken to the student or just set-up temporarily and used by the student without a live instructor.

LE-100 STANDARD FEATURES:

- Powerful Self-led Virtual Instructor Application
- Industry-leading EVO training scripted scenario pre-loaded library
- VITALS Student Assessment Reporting
- Desk mountable student driving station
- GUI based Operators Station
- Sound System
